Cable Channel 3 is now Live!

CASPER, WY – Starting immediately, there are several programs airing on Cable Channel 3, some of which have been produced in the past. These programs are brought to you by the City of Casper and Wolfgang of Wyoming. Last year, the City of Casper signed a \$44,500, one-year contract with Dennis Rollins of Wolfgang of Wyoming. Rollins is the producer of the award-winning series “Wyoming Portraits”, and will be providing the City with public access television on Cable Channel 3.

In coming months, you can expect to see educational and public service programming, such as: Classic Arts Showcase, Wyoming Portraits, City Council Meetings, cultural events, a behind-the-scenes look at city services, education, and a community bulletin board.
